Hello Mr. Askins,

The attached letter was sent this afternoon to the Ann Arbor clerk's office and copied to the county clerk's office. I wanted you to have it so I'm responding via email.

The Bureau of Elections reviewed the matter further and determined that a vote cast for a Ward 3 city council candidate via an incorrect ballot will be counted if a voter does not send in a corrected ballot.

Please let me know if you have further questions.

Fred
