Closed\*\*\* Denotes a company that SPARK assisted with a new engineering operation, however due to unforeseen business circumstances, the company has since closed its Ann Arbor operation, and close to closing its headquarters in California. The founder, Elizabeth Charnock, has started a new company and has hired an intern located in Ann Arbor.

The Ann Arbor SPARK Business Development team records a project success when a company publicly declares its intent to create jobs or make capital investments over a period of time. "Announced jobs and investment" are recorded as a one time success.

<sup>\*</sup> Denotes a company that SPARK assisted with a new real estate location. The location selected by the company did not require major improvements. Additionally, the company did not add new employees for the project noted above.

<sup>\*\*</sup> Office relocation and addition of 3 jobs, no new investment
