To: "Foondle, Laurie" <LFoondle@a2gov.org>

Dear Laurie,

We hereby request under Michigan's Freedom of Information Act a copy of any audio or video recordings of the Feb. 17, 2009 city council meeting that are currently retained by the city of Ann Arbor. We have previously requested to view a copy of the DVD that CTN should theoretically have retained, but we have been informed by CTN staff that the disk is misplaced and that online recordings of the meeting previously available over CTN's Video on Demand feature have been erased. In order to encourage the city to search exhaustively for the recorded material, we have escalated our request to one that is backed by the state's FOIA statute.

Cheers,

Dave
