Contracts with service providers of the grantees and subgrantees must have a provision which allows the department, or any of its authorized representatives, access to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making examinations or conducting reviews of grant operations as noted above.

B. STIPULATIONS

1. State Held Harmless - Indemnification

The MWA shall indemnify, defend, and hold harmless the state, its departments, divisions, agencies, sections, commissions, officers, employees, and agents from and against all losses, liabilities, penalties, fines, damages, and claims (including taxes), and all related costs and

expenses (including reasonable attorneys' fees and disbursements and costs of investigation, litigation, settlement, judgment, interest, and penalty), arising from, or in connection with, any of the following:

- a. Any claim, demand, action, citation, or legal proceeding against the state, its employees, and agents arising out of, or resulting from: (1) the product provided, or (2) performance of the work, duties, responsibilities, actions, or omissions of the MWA, or any of its subcontractors, under this plan;
- b. Any claim, demand, action, citation, or legal proceeding against the state, its employees, and agents arising out of, or resulting from, a breach by the MWA of any representation or warranty made by the MWA in this plan;
- c. Any claim, demand, action, citation, or legal proceeding against the state, its employees, and agents arising out of, or related to, occurrences that the MWA is required to insure against as provided for in this plan;
- d. Any claim, demand, action, citation, or legal proceeding against the state, its employees, and agents arising out of or resulting from the death or bodily injury of any person, or the damage, loss, or destruction of any real or tangible personal property, in connection with the performance of services by the MWA, by any of its subcontractors, by anyone directly or indirectly employed by the MWA, or by anyone for whose acts the MWA may be liable; provided, however, that this indemnification obligation shall not apply to the extent, if any, that such death, bodily injury, or property damage is caused solely by the negligence or reckless or intentional wrongful conduct of the state;
- e. Any claim, demand, action, citation, or legal proceeding against the state, its employees, and agents which results from an act or omission of the MWA or any of its subcontractors in its capacity as an employer of a person;
- f. Any claim, demand, action, citation, or legal proceeding against the state, its employees, and agents incurred in connection with any action or proceeding threatened or brought against the state to the extent that such action or proceeding is based on a claim that any piece of equipment, software, commodity, or service supplied by the MWA or its subcontractors, or the operation of such equipment, software, commodity, or service, or the use or reproduction of any documentation provided with such equipment, software, commodity, or service infringes any United States or foreign patent, copyright, trade secret, or other proprietary right of any person or entity, which right is enforceable under the laws of the United States. In addition, should the equipment, software, commodity, or service, or the operation thereof, become, or in the MWA's opinion be likely to become, the subject of a claim of infringement, the MWA shall, at the MWA's sole expense: (1) procure for the state the right to continue using the equipment, software, commodity or service or if such option is not reasonably available to the MWA, (2) replace or modify the same with equipment, software, commodity, or service of equivalent function and performance so that it becomes non-infringing, or, if such option is not reasonably available to the MWA, (3) accept its return by the state, with appropriate credits to the state, against the MWA's charges and reimburse the state for any losses or costs incurred as a consequence of the state ceasing its use and returning it.

In any and all claims against the State of Michigan, or any of its agents or employees, by any employee of the MWA, or any of its subcontractors, the indemnification obligation under the

contract shall not be limited in any way by the amount or type of damages, compensation, or benefits payable by or for the MWA under workers' disability compensation acts, disability benefits acts, or other employee benefits acts. This indemnification clause is intended to be comprehensive. Any overlap in subclauses, or the fact that greater specificity is provided as to some categories of risk, is not intended to limit the scope of indemnification under any other subclause.

2. Publication Rights

All interim, draft, and final reports and other documentation, including machine-readable materials produced by the MWA in connection with the work provided for under funds from the WDASOM, shall be deemed to be works for hire and all rights, including copyright and publication rights, shall vest in the state. The MWA shall acknowledge the WDASOM as the grantor of all funds when developing information for internal purposes or public dissemination, either in writing or oral presentation. This will include all printed, published, and other promotional materials of any kind, which MWAs may develop for informational reasons.

3. Cancellation

The state may cancel this plan for any of the following reasons:

- a. Default of the MWA: If the WDASOM identifies any action that would result in default by the MWA, the MWA shall be given an opportunity to correct such action. If the action is not corrected and default still exists, the state may immediately cancel the grant without further liability to the state, its departments, agencies, and employees. The state may procure the articles or services from other sources, and may hold the MWA responsible for any excess costs incurred.
- b. Lack of Further Need for the Service or Commodity: In the event that the state no longer needs the service or commodity specified in the plan due to program changes, changes in law, rules or regulations, relocation of offices, or insufficient funding, the state may cancel the contract without further liability to the state, its departments, agencies, and employees by giving the MWA written notice of such cancellation 30 days prior to the date of cancellation.
- c. Failure of the Legislature or the Federal Government to Provide the Necessary Funding: In the event that the legislature or the federal government fails to provide or terminates the funding necessary for this plan, the state may cancel the plan by providing written notice to the MWA 30 days prior to the date of cancellation provided; however, that in the event the action of the legislature or federal government results in an immediate absence or termination of funding, cancellation may be made effective immediately upon delivery of written notification to the MWA. In the event of a termination under this sub-paragraph, the MWA shall, unless otherwise directed by the state in writing, immediately take all reasonable steps to terminate its operations and to avoid, and/or minimize, further expenditures under the plan.
- d. Upon Order of a Court or Direction by the Federal Government: In the event of a court order halting or suspending activities under the plan or, in the case of a plan involving federal funds or otherwise subject to federal oversight, issuance of an order or directive by the federal government halting or suspending activities under the plan, the state shall promptly notify the

MWA in writing of the entry or receipt of such order and shall direct the MWA to take immediate action in conformity with such order or directive. In the event of a termination or suspension of the plan under this sub-paragraph, the MWA shall, unless otherwise directed by the state in writing, immediately take all reasonable steps to terminate its operations and to avoid and/or minimize further expenditures under the plan.

- e. Criminal Conviction: The state may immediately cancel the plan without further liability to the state, its departments, agencies, and employees, if the MWA, or an officer of the MWA, is convicted of a criminal offense incident to the application for, or performance of, a state, public, or private contract or subcontract; or convicted of a criminal offense including, but not limited to, any of the following: embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, attempting to influence a public employee to breach the ethical conduct standards for State of Michigan employees; convicted under state or federal antitrust statutes; or convicted of any other criminal offense which in the sole discretion of the state, reflects on the WDB's business integrity.

4. Requirements for Participants

The state delegates to the MWA responsibility for the determination of participant eligibility for programs funded in whole, or in part, by the WDASOM.

5. Financial Responsibility and Liability

As the grant recipient, the CEO(s) for each local area is liable for all workforce development funds received through the WDASOM.

6. Records and Reports

The MWA shall provide to the state, and its designated agents, access and the right to examine and audit all records, books, papers, tapes, or documents related to the programs funded by the WDASOM.

7. Gratuities

The state may, by written notice to the grantee, terminate the right of the Grantee to proceed under this grant agreement if it is found, after notice and hearing, by the Grant Officer or a duly authorized representative, that the gratuities in the form of entertainment, gifts, or otherwise were offered or given by the Grantee to any officer or employee of the state with a view toward securing a grant agreement or securing favorable treatment with respect to the awarding or amending, or the making of any determinations with respect to the performing of such grant agreement; provided that the existence of the facts upon which the Grant Officer or a duly authorized representative makes such findings shall be an issue that may be reviewed in any competent court.

ALL POWERS NOT EXPLICITLY VESTED IN THE MWA, WORKFORCE DEVELOPMENT BOARD, CEO, OR ADMINISTRATIVE ENTITY REMAIN WITH THE STATE.
