36 Council - July 6, 1999

R-381-7-99 APPROVED

RESOLUTION TO APPROVE ADVISORY TASK FORCE TO DEVELOP  
OPTIONS TO MINIMIZE IMPACT ON SANITARY SEWER BACKUPS

Whereas, There are areas in the City of Ann Arbor where residents experience sanitary sewer backup after rain and the City needs to develop solutions to minimize impact

of such backups;

Whereas, The residents impacted by sanitary sewer backups have expressed that an advisory task force be established to develop solutions to minimize impact of sanitary sewer backup; and

Whereas, The City Administrator and the City staff have created a task force with the following membership: Utilities Senior Engineer Peter Perala, Utilities Field Services Superintendent Craig Hupy, Acting Utilities Director Sumedh Bahl, City Engineer Sabah Yousif, Public Services Director William Wheeler, Associate City Administrator Ronald Olson, one representative from each of the five affected neighborhoods, an engineering professional, Huron River Watershed Council Executive Director Laura Rubin, Washtenaw

County Drain Commissioner Janis Bobrin, and Lee Roberts, plumbing expert;

RESOLVED, That Council approve the advisory task force proposed by the City Administrator and City staff;

RESOLVED, That the task force present possible solutions with funding options to the City Council within 18 months; and

RESOLVED, That the task force be specifically created to develop solutions and cease to exist when solutions are developed.
